How to Play

Each puzzle has a theme and a list of 15 words.

Find every word hidden in the grid of letters.

Words run forwards only: left to right, top to bottom, or diagonally. None are written backwards.

Spaces in the word list are left out of the grid, so ST HELIER appears in the grid as STHELIER.

Circle each word as you find it and tick it off the list.

Stuck? Solutions start on page 55.
